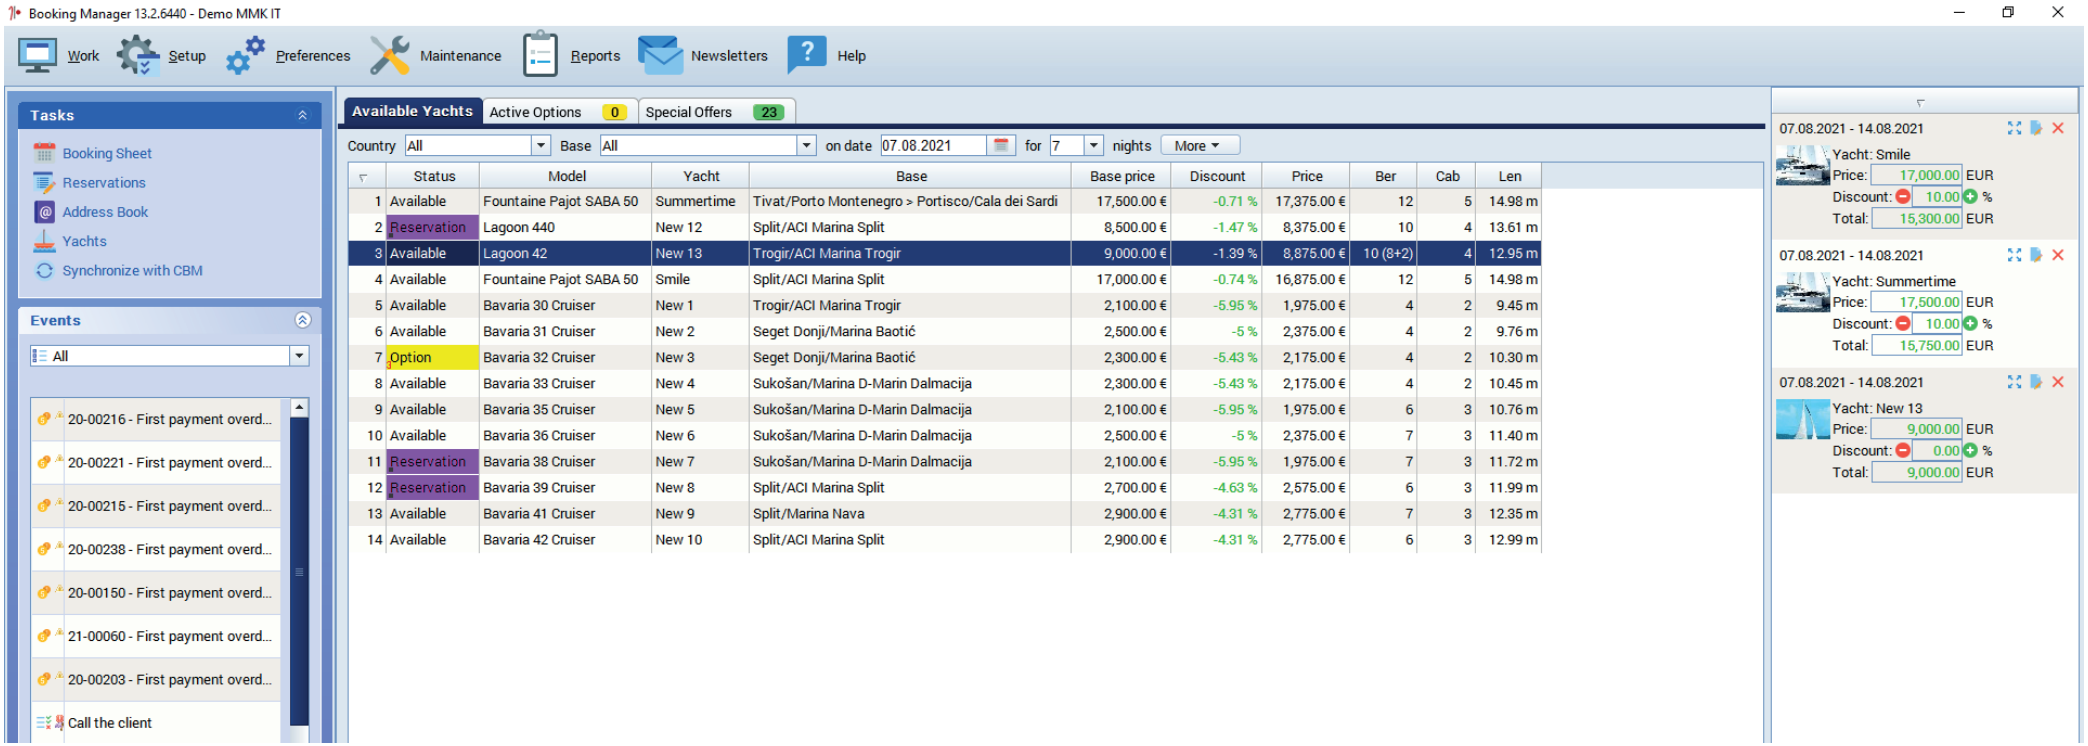
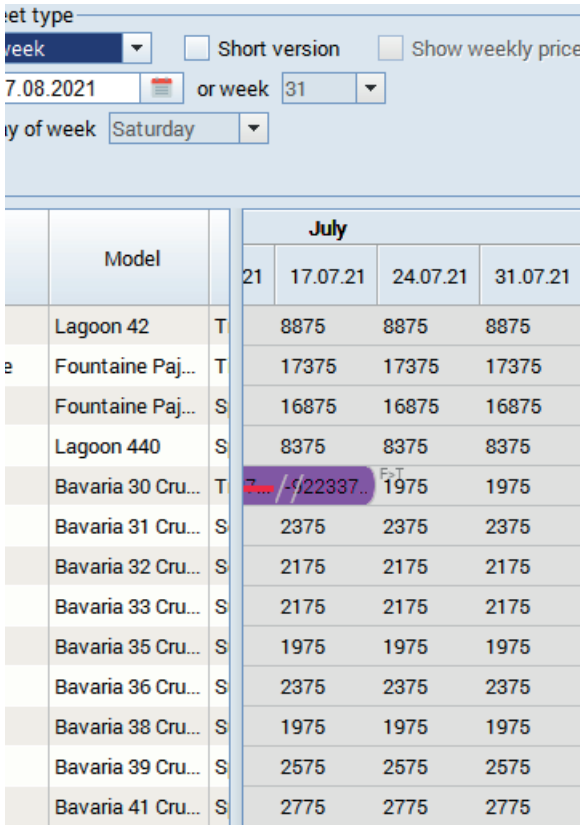
ORGANIZE YOUR CHARTER COMPANY

Booking Manager is a complete organizational solution and reservation system designed for charter agencies. It allows you to access the largest real time database and automate your booking process



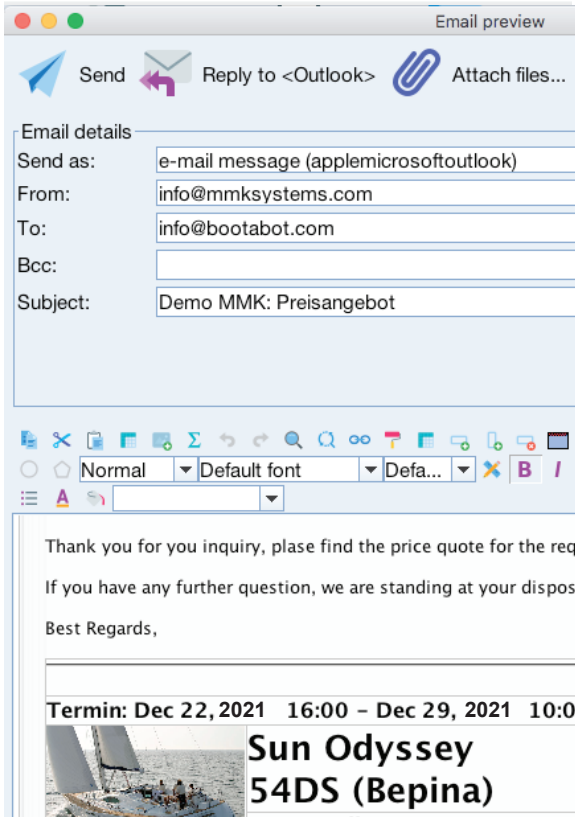
WORK FASTER

Booking Manager desktop application automates all aspects of the booking process including price and discount calculations, availability tracking, issuing offers, booking confirmations, contracts and invoices. Depending on your fleet size it saves significant amount of time to the office staff and speeds up the workflow.



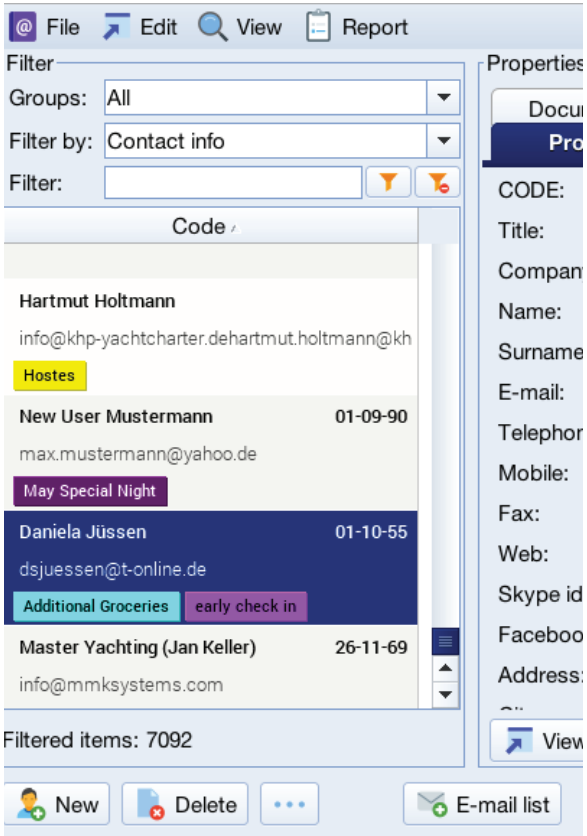
SEND QUICK OFFERS

Booking Manager enables you to send automatic quick price quote offers, the only solution on the market that can calculate correct quotes for customers without any manual intervention. Daily work is faster and time that is spent on bookings is much shorter. You are able to create your own templates for price quotes which makes them unique.



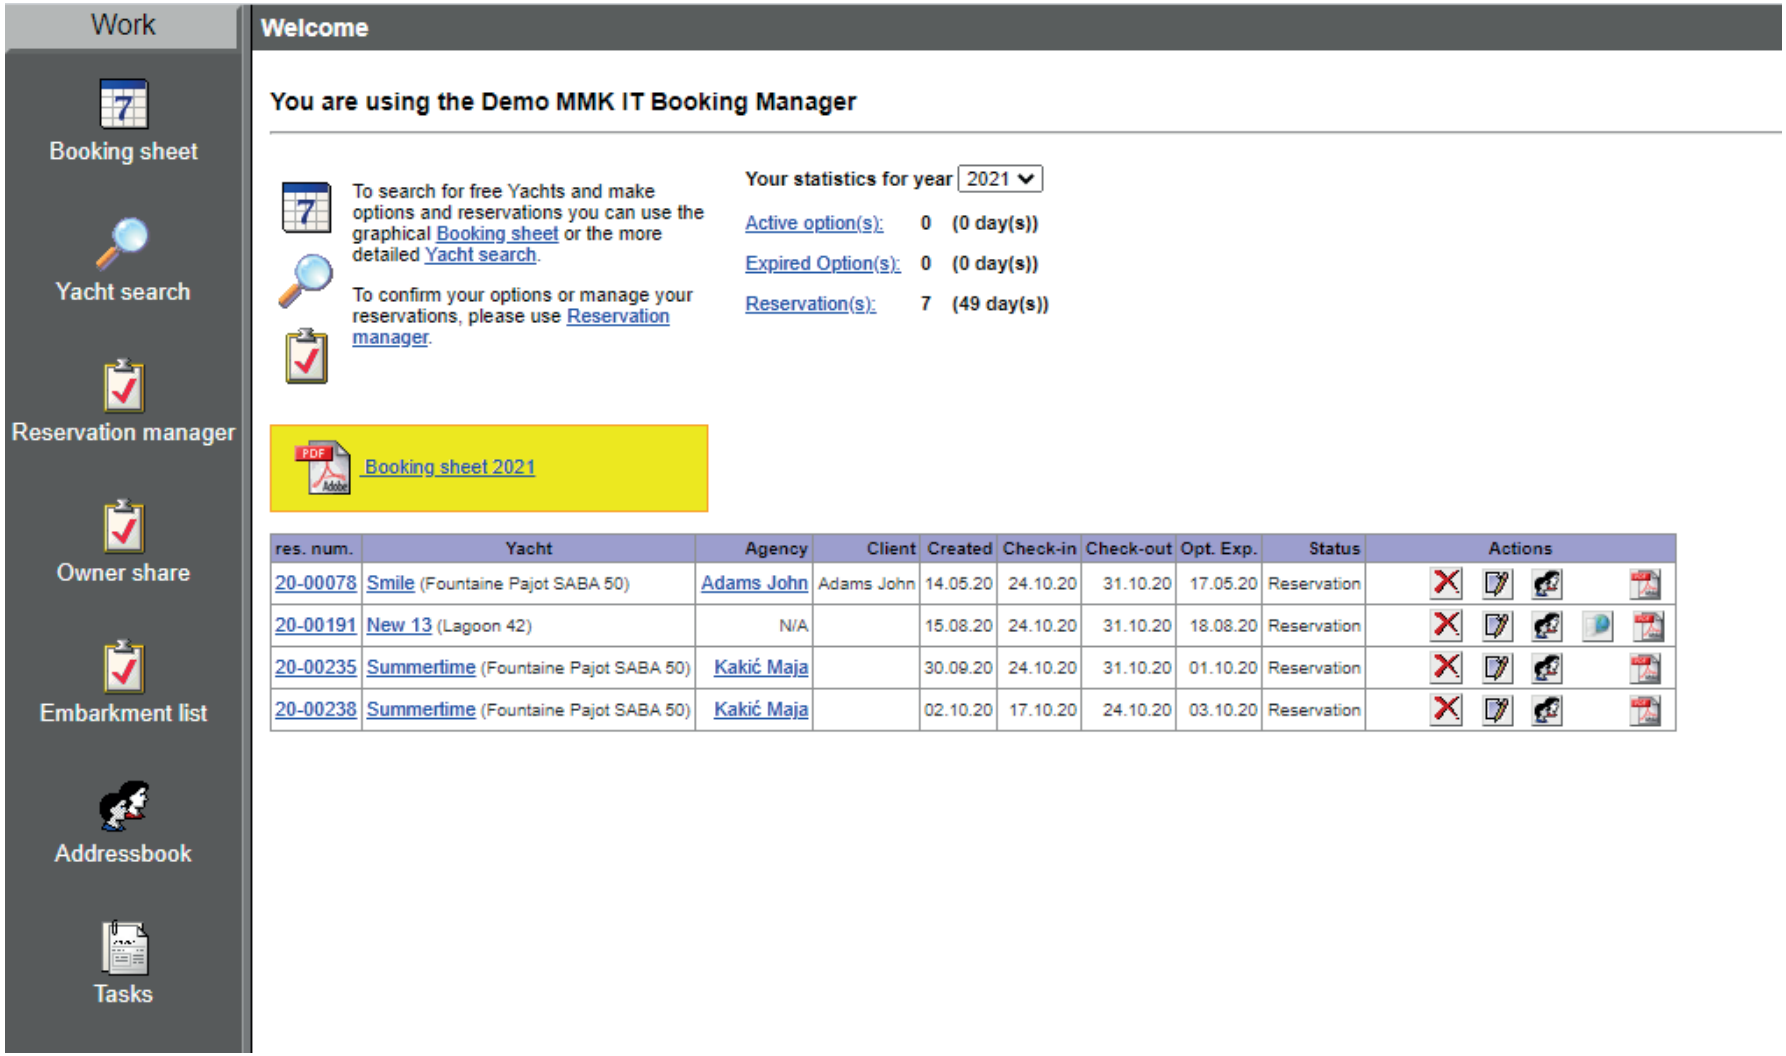
HANDLE MORE CLIENTS

Address Book keeps all the information about your clients, agencies and end guests and helps you to quickly track and communicate with them through your default e-mail client. From the automatic price quote generation to the payment tracking and booking performance analysis, all information about any client is only few clicks away.



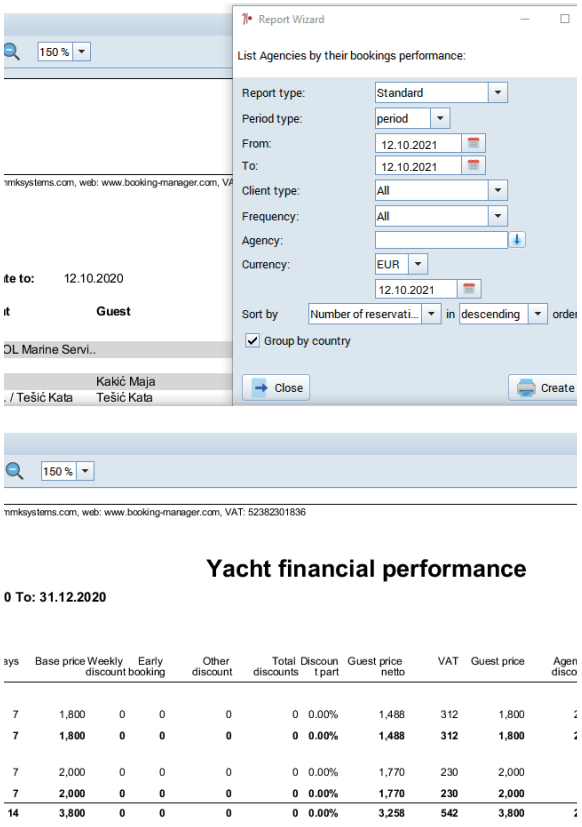
CONNECT WITH PARTNERS

Booking Manager allows your partners to securely log in into your own private availability list and make direct bookings over the internet.



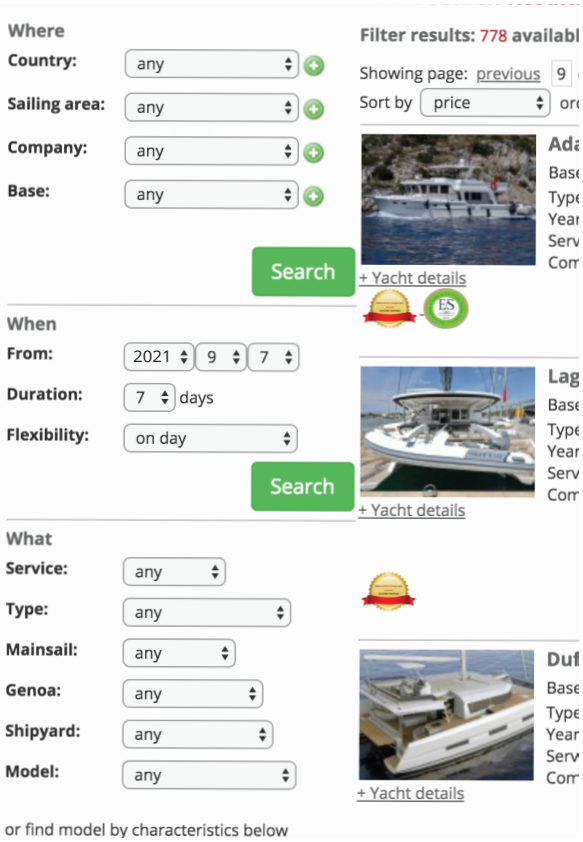
ANALYSE RESULTS

Powerful reporting module allows you to generate different finantial statistics and dynamically track booking performance by yacht, partner or target market (country). Live analysis can help you retreive the situation in any point in past. All reports are exportable in number of formats including the Excel spreadsheet.



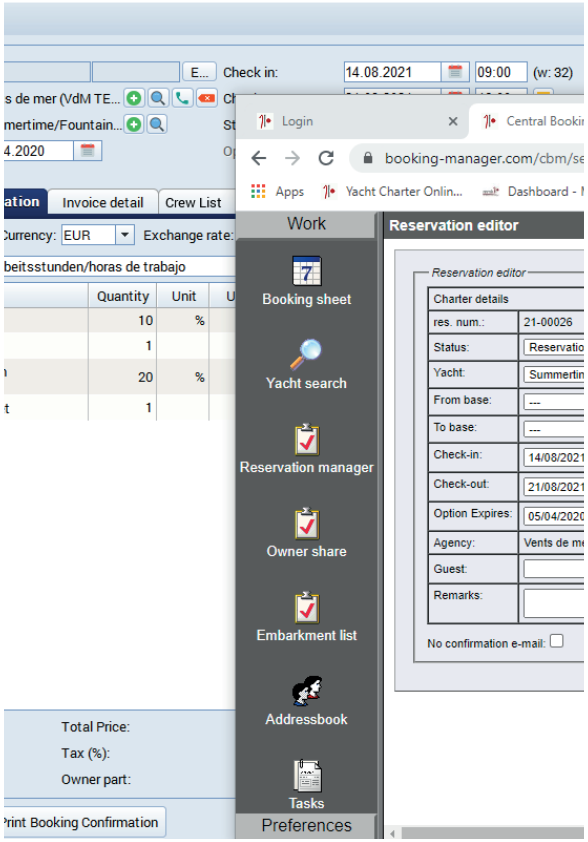
PARTNER LOGIN

You business partners/agencies are able to connect to your online booking sheet at any time 24/7 and make real time options or reservations. Security settings allow you to limit the possible actions per partner. Also you can enable your yacht owners to log in and track the booking performance of their own vessels online.



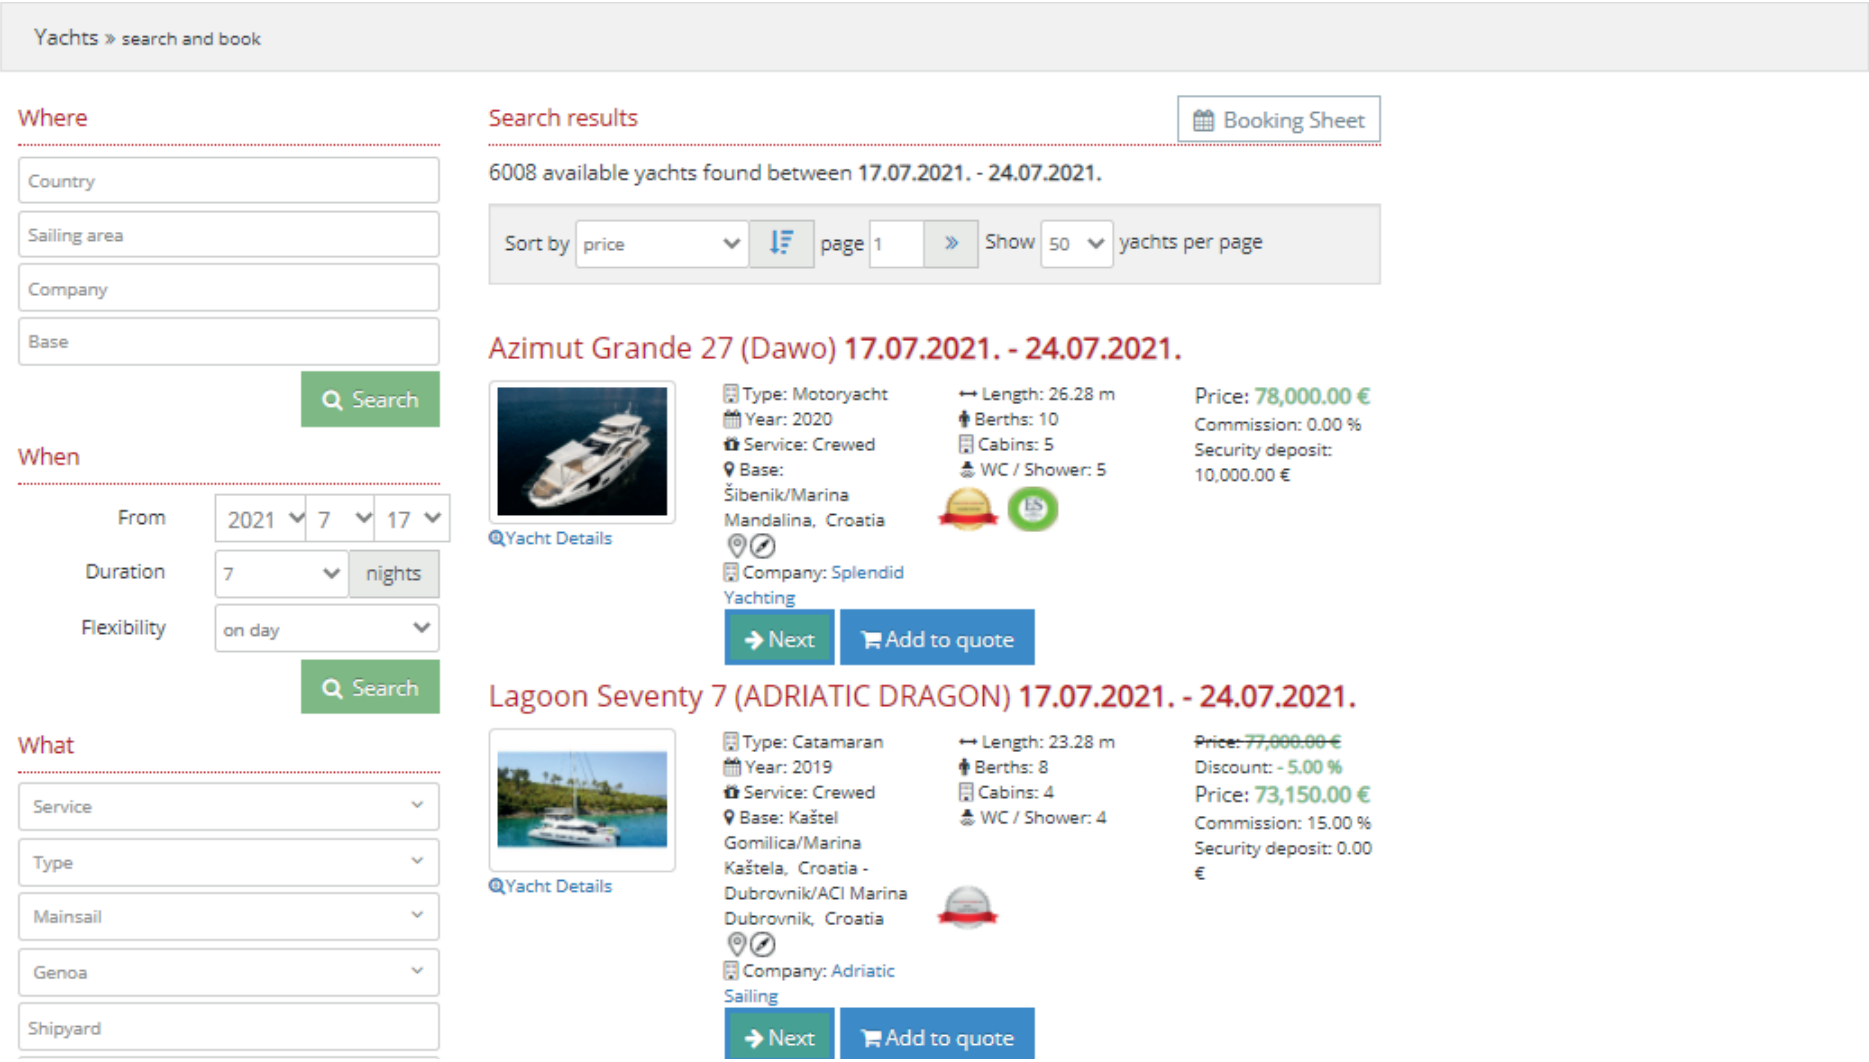
CONNECT TO OFFICE

Online orders are synchronized with your desktop application, removing the need for additional manual work of registering the orders in the booking office. Additionaly, your partners will receive all the necessary documents automatically from the system in PDF form via email, which makes theonline booking significant cost saving factor.



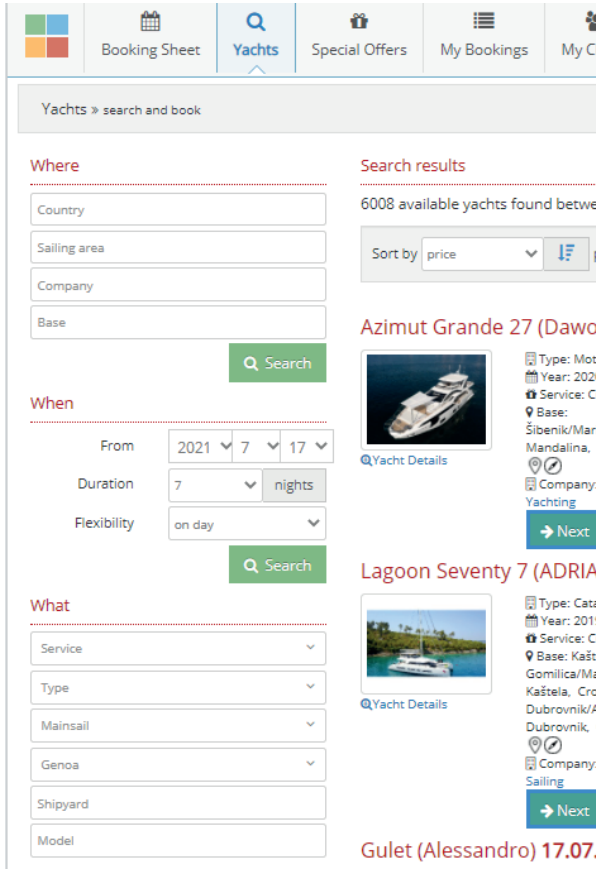
PUBLISH YOUR FLEET ONLINE

Booking Manager gives you an opportunity to publish your fleet in several online distribution systems. You will accomplish much better visibility on the wider charter market.



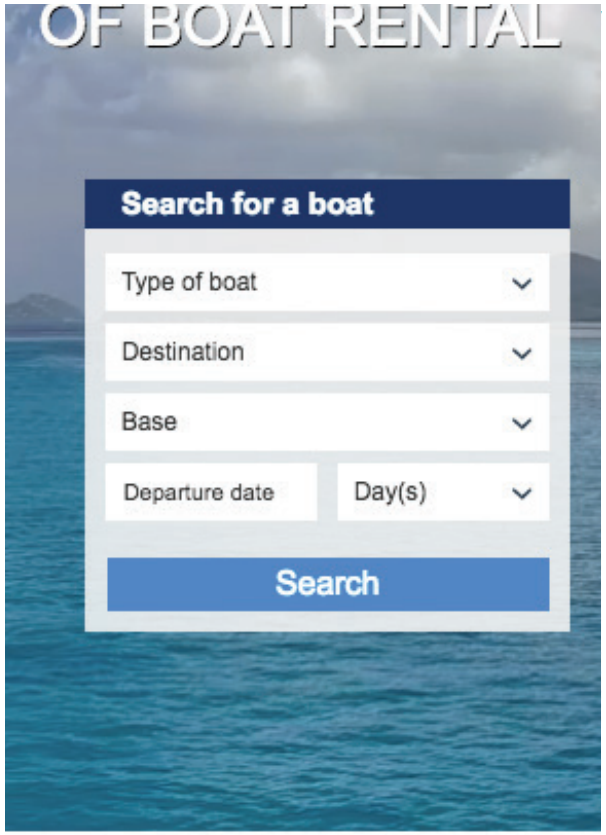
ONLINE BOOKING

Booking Manager is leading distribution channel for charter fleets. Our www.booking-manager.com portal for agencies has more than 3000 active agencies that are searching for available boats, making options and bookings thru the system. Booking Manager users have their boats listed on the booking-manager.com portal.



SEARCH ENGINE WIDGET

Web Booking Manager is a search engine for websites that is currently being used by several houndred agencies and charter companies. It can easily be inserted into your website and enable real time search for web site visitors. Web Booking Manager is the easiest way to have your fleet bookable on your website.



ONLINE NETWORK

As a Booking Manager user, your fleet 420 agency websites and portals. Each visitor is able to check your fleet in real time and directly make a reservation. This way you will achieve the best possible market exposure and book at your full capacity.
