SPEED UP YOUR WORKFLOW

Booking Manager Portal allows your team members to log in at the same time and increase profit by searching for the best offers and automatically issue invoices.

The screenshot displays the mmk1 booking-manager.com portal. The top navigation bar includes the logo, website URL, a shopping cart with 2 items, a settings gear, a search bar, and a user welcome message. Below this is a secondary menu with icons for Booking Sheet, Yachts (active), Special Offers, My Bookings, My Clients, My Partners, My Account, Contact, and Logout.

The main content area is titled "Yachts » search and book". It is divided into three columns:

- search_form:** Contains filters for "Where" (Country, Sailing area, Company, Base) and "When" (From date). A green "Search" button is at the bottom.
- Search results:** Shows "485 available yachts found 22.11.2021. - 29.11.2021." with sorting options (price, ascending) and pagination (page 1, Show 10 yachts per page). A detailed result for "(Susan II) 22.11.2021. - 29.11.2021." is shown, including a photo, specifications (Motor boat, 2004, 22,10 m, 8 berths, 4 cabins, 4 WC/Shower), price (18,900.00 € - 15.00 % discount = 16,065.00 €), and terms (Commission: 15.00 %, End cleaning/Transit log: 170.00 €, Deposit: 5,000.00 €). Buttons for "Yacht details", "Next", and "Add to quote" are present.
- Price Quote:** Displays two quotes for the period 22.11.2021. - 29.11.2021. The first quote is for "Yacht: Yaretti 2210" at 16,065.00 €. The second quote is for "Yacht: Fairline Squadron 58" at 13,090.00 €. Each quote has a quantity selector (0) and a "send" button. A "clear" button is at the bottom.

Booking Manager Portal helps you save time by automatically creating booking confirmations, invoices for clients and agency commission invoices. Enter received payments, track overdue clients and find any information about your financial performance and cash flow in only few clicks.

IMPROVE YOUR WEBSITE

Booking Manager helps you accomplish much better visibility on search engines by allowing your clients to search for yachts and create requests or bookings directly on your website.

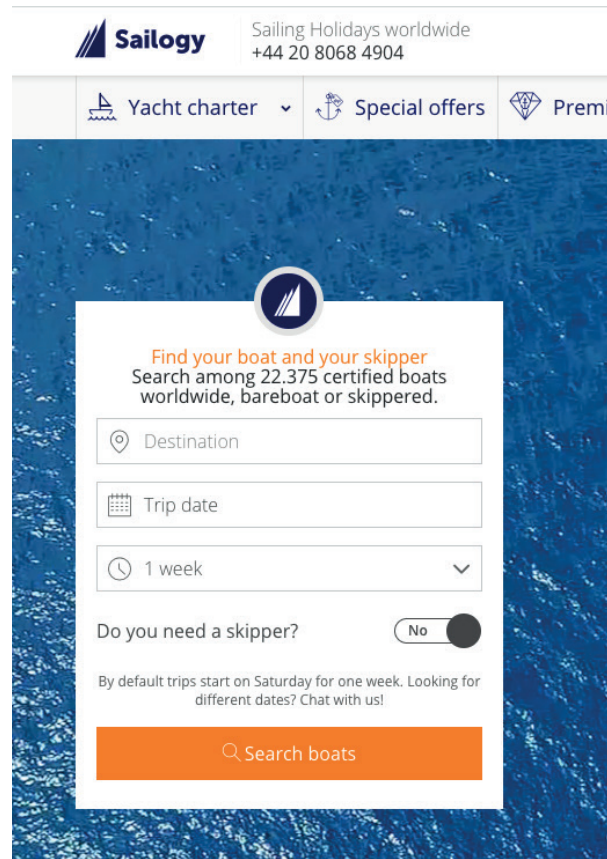

SEARCH ENGINE WIDGET

Search Engine Widget is a search engine for website that is currently being used by several hundred agencies and charter operators. It can easily be integrated into your website and enable real time search for website visitors. Web Booking Manager is the easiest way to offer online booking on your website.

API WEB SERVICE

API web service enables you to use Booking Manager database to present all yachts from the System with their prices, discounts, photos, equipment and all additional information on your website. Connection to the database is available 24/7 and your website visitors will always be able to search and book yachts in real time.

WEBSITE INTEGRATION

In order to become more competitive on the online market, it is extremely important to have a website with quality content and wide offer of yachts available in real time. Booking Manager helps you with that by providing a complete design of the website, implementation and fully integration with the System.
